## REPORT OF INDEPENDENT AUDITORS

To the Board of Supervisors  
Amelia Concourse Community Development District  
Nassau County, Florida

### Report on the Financial Statements

We have audited the accompanying basic financial statements of Amelia Concourse Community Development District as of and for the year ended September 30, 2015, as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## **Opinion**

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities and each major fund of Amelia Concourse Community Development District as of September 30, 2015, and the respective changes in financial position and the budgetary comparison for the General Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

## **Other Matters**

### *Management's Discussion and Analysis*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economical or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted principally of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with the sufficient evidence to express an opinion or provide any assurance.

## **Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued a report dated May 4, 2016 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations and contracts.

The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Amelia Concourse Community Development District's internal control over financial reporting and compliance.

**Amelia Concourse Community Development District  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
For the Year Ended September 30, 2015**

Management's discussion and analysis of Amelia Concourse Community Development District's (the "District") financial performance provides an objective and easily readable analysis of the District's financial activities. The analysis provides summary financial information for the District and should be read in conjunction with the District's financial statements.

**OVERVIEW OF THE FINANCIAL STATEMENTS**

The District's basic financial statements comprise three components; 1) *Government-wide financial statements*, 2) *Fund financial statements*, and 3) *Notes to financial statements*. The *Government-wide financial statements* present an overall picture of the District's financial position and results of operations. The *Fund financial statements* present financial information for the District's major funds. The *Notes to financial statements* provide additional information concerning the District's finances.

The *Government-wide financial statements* are the **statement of net position** and the **statement of activities**. These statements use accounting methods similar to those used by the private-sector. Emphasis is placed on the net position of governmental activities and the change in net position. Governmental activities are primarily supported by special assessments.

The **statement of net position** presents information on all assets and liabilities of the District, with the difference between assets and liabilities reported as net position. Net position are reported in three categories; 1) net investment in capital assets, 2) restricted and 3) unrestricted. Assets, liabilities, and net position are reported for all Governmental activities.

**The statement of activities** presents information on all revenues and expenses of the District and the change in net position. Expenses are reported by major function and program revenues relating to those functions are reported, providing the net cost of all functions provided by the District. To assist in understanding the District's operations, expenses have been reported as governmental activities. Governmental activities funded by the District include general government, physical environment, culture and recreation, transportation and interest on long-term debt.

*Fund financial statements* present financial information for governmental funds. These statements provide financial information for the major funds of the District. Governmental fund financial statements provide information on the current assets and liabilities of the funds, changes in current financial resources (revenues and expenditures), and current available resources.

**Amelia Concourse Community Development District  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
For the Year Ended September 30, 2015**

**OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)**

*Fund financial statements* include a **balance sheet** and a **statement of revenues, expenditures and changes in fund balances** for all governmental funds. A **statement of revenues, expenditures, and changes in fund balances – budget and actual**, is provided for the District's General Fund and SPE Fund. *Fund financial statements* provide more detailed information about the District's activities. Individual funds are established by the District to track revenues that are restricted to certain uses or to comply with legal requirements.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as balances of spendable resources available at the end of the year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions. Both the governmental fund balance sheet and the statement of revenues, expenditures, and changes in fund balances provide reconciliations to facilitate this comparison between governmental funds and governmental activities.

*Notes to financial statements* provide additional detail concerning the financial activities and financial balances of the District. Additional information about the accounting practices of the District, investments of the District, capital assets, and long-term debt are some of the items included in the *notes to financial statements*.

**Financial Highlights:**

The following are the highlights of financial activity for the year ended September 30, 2015.

- The District's total assets were exceeded by total liabilities by \$(6,134,523) (net position). Net investment in capital assets was \$(638,519). Unrestricted net position was \$(5,926,358). Restricted net position was \$430,354.
- Governmental activities revenues totaled \$485,126 while governmental activities expenses totaled \$746,799.

**Capital Assets Activity**

The following schedule provides a summary of the District's capital assets as of September 30, 2015 and 2014.

<u>Description</u>	<u>Governmental Activities</u>	
	<u>2015</u>	<u>2014</u>
Land and improvements	\$ 719,533	\$ 719,533
Infrastructure	332,390	332,390

Accumulated depreciation	(638,519)	(551,453)
Total Capital Assets (Net)	<u>\$ 1,933,131</u>	<u>\$ 2,020,197</u>

During the year depreciation was \$87,066.

**General Fund Budgetary Highlights**

The budget exceeded actual expenditures primarily because actual legal expenses and the use of the operating reserve was less than expected.

There were no amendments to the September 30, 2015 budget.

**Debt Management**

Governmental Activities debt includes the following:

- In July 2007, the District issued \$7,350,000 Series 2007 Capital Improvement Revenue Bonds. The bonds were issued to finance the acquisition and construction of certain improvements for the benefit of the District. The balance outstanding at September 30, 2015 was \$6,335,000.

**Economic Factors and Next Year's Budget**

The District's financial conditions continue to deteriorate and the future of the project remains uncertain. The District did pay the balance of the matured bonds payable in the prior year, however, they did not make the current year's principal payment or the full interest payment. The District is still in default on The Series 2007 Bonds. The impact of the sale of certain land cannot be determined at this time

The District remains obligated with respect to the principal and interest on the Series 2007 Bonds.

**NOTES TO THE FINANCIAL STATEMENTS**  
**September 30, 2015**

**NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements of the District have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The District's more significant accounting policies are described below.

**1. Reporting Entity**

The District was created on July 10, 2006, by Ordinance 2006-58 of Nassau County, Florida, pursuant to the Uniform Community Development District Act of 1980, otherwise known as Chapter 190, Florida Statutes. The District was established for the purposes of financing and managing the acquisition, construction, maintenance and operation of the infrastructure necessary for community development within its jurisdiction. The District is authorized to issue bonds for the purpose, among others, of financing, funding, planning, establishing, acquiring, constructing or re-constructing, enlarging or extending, equipping, operating and maintaining water management, bridges or culverts, district roads, landscaping, street lights and other basic infrastructure projects within or without the boundaries of the Amelia Concourse Community Development District. The District is governed by a five-member Board of Supervisors who are elected for four year terms. The District operates within the criteria established by Chapter 190, Florida Statutes.

As required by GAAP, these financial statements present the Amelia Concourse Community Development District (the primary government) as a local unit of special-purpose government. The reporting entity for the District includes all functions of government in which the District's Board exercises oversight responsibility including, but not limited to, financial interdependency, selection of governing authority, designation of management, significant ability to influence operations and accountability for fiscal matters. To be includable within the District's financial statements, the component unit must be financially accountable or the exclusion of the nature and significance of their relationship with the District would cause the financial statements to be misleading or incomplete. Blended component units must be financially accountable to the District; there must be a financial burden/benefit relationship and the entity, although legally separate, must operate like a fund of the District.

Based upon the application of the above-mentioned criteria as set forth in Governmental Accounting Standards Board, the District has identified one blended component unit.

The blended component unit is a legally separate entity. It is reported as a Special Revenue Fund. The blended component unit of the District is as follows:

**NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**1. Reporting Entity (Continued)**

Amelia Concourse SPE, LLC - The Company is a Special Purpose Entity (“SPE”) that owns, manages, maintains, and will sell and/or dispose of the Property for the benefit of the District. The District, pursuant to an agreement between the Company, the District, and the U.S. Bank National Association (the Trustee), will not impose annual maintenance assessments on the Property but instead will receive funding per request from the Trustee on a quarterly basis. Should funding cease or become delinquent for sixty days, the District holds the right to impose maintenance assessments and take all actions necessary, including foreclosure. In such a scenario, the Company waive any rights, arguments, claims or defenses of the Company in foreclosure proceedings and agree in no way to prevent the District from taking action. Whenever the Company receives cash from the sale of any portion of the Property, all monies will be remitted to the Trustee to apply pursuant to the Trust Indenture.

**2. Measurement Focus and Basis of Accounting**

The basic financial statements of the District are composed of the following:

- Government-wide financial statements
- Fund financial statements
- Notes to financial statements

**a. Government-wide Financial Statements**

Government-wide financial statements report all non-fiduciary information about the reporting government as a whole and its blended component unit. These statements include all the governmental activities of the primary government and its component unit. The effect of interfund activity has been removed from these statements.

Governmental activities are supported by special assessments, developer contributions, intergovernmental revenues and interest. Program revenues are netted with program expenses in the Statement of Activities to present the net cost of each program.

Amounts paid to acquire capital assets are capitalized as assets, rather than reported as an expenditure. Proceeds of long-term debt are recorded as liabilities in the government-wide financial statements, rather than as an other financing source.

Amounts paid to reduce long-term indebtedness of the reporting government are reported as a reduction of the related liability, rather than as an expenditure.

**NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**2. Measurement Focus and Basis of Accounting (Continued)**

**b. Fund Financial Statements**

The underlying accounting system of the District is organized and operated on the basis of separate funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures. Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

Fund financial statements for the primary government's governmental funds are presented after the government-wide financial statements. These statements display information about major funds individually.

**Governmental Funds**

The District implemented the Governmental Accounting Standards Board Statement 54 – *Fund Balance Reporting and Governmental Fund Type Definitions*. The Statement requires the fund balance for governmental funds to be reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. The classifications include non-spendable, restricted, committed, assigned and unassigned.

The District has various policies governing the fund balance classifications.

**Nonspendable Fund Balance** – This classification consists of amounts that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact.

**Restricted Fund Balance** – This classification includes amounts that can be spent only for specific purposes stipulated by constitution, external resource providers, or through enabling legislation.

**Committed Fund Balance** – This classification consists of amounts that can only be used for specific purposes pursuant to the constraints imposed by a formal action of the government's highest level of decision making authority.

**Assigned Fund Balance** – This classification consists of the Board of Supervisors' intent to be used for specific purposes, but are neither restricted nor committed. The assigned fund balances can also be assigned by the District's management company.

**NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**2. Measurement Focus and Basis of Accounting (Continued)**

**b. Fund Financial Statements (Continued)**

**Governmental Funds (Continued)**

Unassigned Fund Balance – This classification is the residual classification for the government’s general fund and includes all spendable amounts not contained in the other classifications. Unassigned fund balance is considered to be utilized first when an expenditure is incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

Fund Balance Spending Hierarchy - When restricted, committed, assigned, and unassigned fund balances are combined in a fund, qualified expenditures are paid first from restricted or committed fund balance, as appropriate, then assigned and finally unassigned fund balances.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. Interest associated with the current fiscal period is considered to be an accrual item and so has been recognized as revenue of the current fiscal period.

Under the current financial resources measurement focus, only current assets and current liabilities are generally included on the balance sheet. The reported fund balance is considered to be a measure of “available spendable resources”. Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of “available spendable resources” during a period.

Because of their spending measurement focus, expenditure recognition for governmental fund types excludes amounts represented by non-current liabilities. Since they do not affect net current assets, such long-term amounts are not recognized as governmental fund type expenditures or fund liabilities.

Amounts expended to acquire capital assets are recorded as expenditures in the year that resources are expended, rather than as fund assets. In addition, the proceeds of long-term debt are recorded as an other financing source rather than as a fund liability.

Debt service expenditures are recorded only when payment is due.

**NOTES TO THE FINANCIAL STATEMENTS**  
**September 30, 2015**

**NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**3. Basis of Presentation**

**a. Governmental Major Funds**

General Fund - The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Special Purpose Entity Fund – The Special Purpose Entity Fund is a Special Revenue Fund that accounts for the activities of the SPE, a blended component unit of the government. The SPE owns, manages, maintains, and will sell and/or dispose of the Property for the benefit of the District.

Debt Service Funds – The Debt Service Fund is used to account for the accumulation of resources for the annual payment of principal and interest on long-term debt.

Capital Projects Funds – Accounts for construction of infrastructure improvements within the district.

**b. Non-current Governmental Assets/Liabilities**

GASB Statement 34 requires that non-current governmental assets, such as infrastructure and improvements, and non-current governmental liabilities, such as general obligation bonds, be reported in the governmental activities column in the government-wide Statement of Net Position.

**4. Assets, Liabilities, and Net Position or Equity**

**a. Cash and Investments**

Florida Statutes require state and local governmental units to deposit monies with financial institutions classified as "Qualified Public Depositories," a multiple financial institution pool whereby groups of securities pledged by the various financial institutions provide common collateral from their deposits of public funds. This pool is provided as additional insurance to the federal depository insurance and allows for additional assessments against the member institutions, providing full insurance for public deposits.

**September 30, 2015**

**NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**4. Assets, Liabilities, and Net Position or Equity (Continued)**

**a. Cash and Investments (Continued)**

The District is authorized to invest in those financial instruments as established by Section 218.415, Florida Statutes. The authorized investments consist of:

1. Direct obligations of the United States Treasury;
2. The Local Government Surplus Funds Trust or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperative Act of 1969;
3. Interest-bearing time deposits or savings accounts in authorized qualified public depositories;
4. Securities and Exchange Commission, registered money market funds with the highest credit quality rating from a nationally recognized rating agency.

For purposes of the statement of cash flows, cash equivalents include time deposits and certificates of deposit with original maturities of three months or less and held in a qualified public depository as defined by Section 280.02, Florida Statutes.

**b. Restricted Assets**

Certain assets of the District and a corresponding liability or portion of net position is classified as restricted on the statement of net position because their use is limited either by law through constitutional provisions or enabling legislation, or by restrictions imposed externally by creditors. In a fund with both restricted and unrestricted assets, qualified expenses are considered to be paid first from restricted net position and then from unrestricted net position.

**c. Capital Assets**

Capital assets, which include land and improvements, recreational facilities and infrastructure are reported in the governmental activities column in the government-wide statements.

The District defines capital assets as assets with an initial, individual cost of \$5,000 or more and an estimated useful life in excess of one year. The valuation basis for all assets is historical cost.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend its useful life are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

NOTES TO THE FINANCIAL STATEMENTS  
September 30, 2015**

**NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**4. Assets, Liabilities, and Net Position or Equity (Continued)**

**c. Capital Assets (Continued)**

Depreciation of capital assets is computed and recorded by utilizing the straight-line method. Estimated useful lives of the various classes of depreciable capital assets are as follows:

Infrastructure	20 years
Recreational facilities	30 years

**d. Budgets**

Budgets are prepared and adopted after public hearings for the governmental funds, pursuant to Chapter 190, Florida Statutes. The District utilizes the same basis of accounting for budgets as it does for revenues and expenditures in its various funds. The legal level of budgetary control is at the fund level. All budgeted appropriations lapse at year end. Formal budgets are adopted for the general and debt service funds.

**NOTE B – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS**

**1. Explanation of Differences Between the Governmental Fund Balance Sheet and the Government-wide Statement of Net Position**

“Total fund balances” of the District’s governmental funds (\$(1,577,644)) differs from “net position” of governmental activities (\$(6,134,523)) reported in the Statement of Net Position. This difference primarily results from the long-term economic focus of the Statement of Net Position versus the current financial resources focus of the Governmental Fund Balance Sheet. The effect of the differences is illustrated below.

**Capital related items**

When capital assets (infrastructure and recreational facilities that are to be used in governmental activities) are purchased or constructed, the cost of those assets is reported as expenditures in governmental funds. However, the Statement of Net Position included those capital assets among the assets of the District as a whole.

Land	\$ 719,533
Infrastructure	332,390
Recreational facilities	1,519,727
Accumulated depreciation	(638,519)
Total	<u>\$ 1,933,131</u>

**NOTE B – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (CONTINUED)**

**1. Explanation of Differences Between the Governmental Fund Balance Sheet and the Government-wide Statement of Net Position (Continued)**

**Long-term debt transactions**

Long-term liabilities applicable to the District's governmental activities are not due and payable in the current period and accordingly are not reported as fund liabilities. All liabilities (both current and long-term) are reported in the Statement of Net Position.

Balances at September 30, 2015 were:

Bonds payable	<u>\$ (6,335,000)</u>
---------------	-----------------------

**Accrued interest**

Accrued liabilities in the Statement of Net Position differ from the amount reported in governmental funds due to the accrued interest on bonds.

Accrued interest	<u>\$ (155,010)</u>
------------------	---------------------

**2. Explanation of Differences Between the Governmental Fund Operating Statements and the Statement of Activities**

The "net change in fund balances" for government funds (\$480,868) differs from the "change in net position" for governmental activities (\$261,673) reported in the Statement of Activities. The differences arise primarily from the long-term economic focus of the Statement of Activities versus the current financial resources focus of the governmental funds. The effect of the differences is illustrated below.

**Capital related items**

When capital assets that are to be used in governmental activities are purchased or constructed, the resources expended for those assets are reported as expenditures in governmental funds. However, in the Statement of Activities, the costs of those assets are allocated over their estimated useful lives as depreciation. The following is the amount of depreciation in the current year.

Depreciation	<u>\$ (87,066)</u>

**NOTE B – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (CONTINUED)**

**2. Explanation of Differences Between the Governmental Fund Operating Statements and the Statement of Activities (Continued)**

**Long-term debt transactions**

Repayments of bond principal are reported as expenditures in the governmental funds and, thus, have the effect of reducing fund balance because current financial resources have been used.

Bond principal payments	<u>\$ 295,000</u>
-------------------------	-------------------

Some expenses reported in the statement of activities do not require the use of current financial resources, therefore, are not reported as expenditures in governmental funds.

Change in accrued interest payable	<u>\$ 11,261</u>
------------------------------------	------------------

**NOTE C – CASH AND INVESTMENTS**

All deposits are held in qualified public depositories and are included on the accompanying balance sheet and statement of net position as cash and investments.

**Custodial Credit Risk - Deposits**

Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned. The investment policy of the District follows the provisions of Chapter 280, Florida Statutes regarding deposits and investments. As of September 30, 2014, the District's bank balance was \$13,394 and the carrying value was \$13,394. The District controls its exposure to custodial credit risk because it maintains all deposits in a qualified public depository in accordance with the provisions of Chapter 280, Florida Statutes, which means that all deposits are fully insured by Federal Depositors Insurance or collateralized under Chapter 280, Florida Statutes.

As of September 30, 2015, the District had the following investments and maturities.

<b>Investment</b>	<b>Maturity</b>	<b>Fair Value</b>	<b>Book Value</b>
SBA Local Govt Surplus Funds			
Florida Prime	N/A	\$ 34,992	\$ 34,992

<b>Total</b>		<b>\$ 589,509</b>	<b>\$ 589,509</b>

**Amelia Concourse Community Development District**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**September 30, 2015**

**NOTE C – CASH AND INVESTMENTS (CONTINUED)**

Investments

The District's investment policy allows management to invest funds in investments permitted under Section 218.415, Florida Statutes. Among other investments, the policy allows the District to invest in the State Board of Administration Local Government Surplus Trust Funds.

Cash placed with the State Board of Administration represents the District's participation in the Local Government Surplus Trust Funds Investment Pool and is reported at fair value. As a pool participant the District invests in pools of investments in which shares are owned in the pool rather than the underlying investments.

Interest Rate Risk

The District monitors investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk

The District's investments in treasury funds, commercial paper, and government loans are limited by state statutory requirements and bond compliance. The District has no investment policy that would further limit its investment choices. The Local Government Surplus Funds Trust is an authorized investment under Section 218.415, Florida Statutes. The District's investments in the state investment pool and government loans are limited by state statutory requirements and bond compliance. The District had monies invested with the Local Government Surplus Funds Trust Fund (Fund), at September 30, 2015. This fund met the requirements of a "2-7a like pool" as defined in Government Accounting Standards Board, Statement 31. As of September 30, 2015, the District's investment in the First American Prime Obligation Fund Class Z, SBA Local Government Surplus Funds and Managed Money Market Accounts were rated AAAM by Standard & Poor's.

Concentration of Credit Risk

The District places no limit on the amount it may invest in any one issuer. The investment in First American Government Obligation Fund Class Z represents 17% of the District's total investments. The investment in Local Government Surplus Funds Trust represents 6% of the District's total investments. The remaining 77% is invested in US Bank Managed Money Market Accounts.

The types of deposits and investments and their level of risk exposure as of September 30, 2015 were typical of these items during the fiscal year then ended. The District considers any decline in fair value for certain investments to be temporary. In addition, the District has the ability to hold investments to maturity that have fair values less than cost. The District's investments are recorded at book value.

**Amelia Concourse Community Development District  
NOTES TO THE FINANCIAL STATEMENTS  
September 30, 2015**

**NOTE D – INTERFUND TRANSFERS**

Interfund transfers for the fiscal year ended September 30, 2015 were as follows:

Fund	Transfer in	Transfer out
General fund	\$ 168,164	\$ 38,954
Special revenue	-	168,164
Debt service	-	10
Capital projects	38,964	-
	\$ 207,128	\$ 207,128

Transfers from the general fund were used to build up capital reserves. Transfers from the special revenue fund to the general fund were made to finance a portion of the District's general operations as the District is not imposing operating and maintenance assessments on the Property owned by the SPE.

**NOTE E – SPECIAL ASSESSMENT REVENUES**

Assessments are non-ad valorem assessments on benefitted property within the District. Operating and Maintenance Assessments are based upon adopted budget and levied annually. Debt Service Assessments are levied when bonds are issued and collected annually. The District may collect assessments directly or utilize the uniform method of collection (Chapter 197.3632, Florida Statutes). Direct collected assessments are due as determined by annual assessment resolution adopted by the Board of Supervisors. Assessments collected under the uniform method are mailed by County Tax Collector on November 1 and due on or before March 31 of each year. Property owners may prepay a portion or all of the Debt Service Assessments on their property subject to various provisions in the bond documents.

Assessments and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL  
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT  
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH  
GOVERNMENT AUDITING STANDARDS**

To the Board of Supervisors  
Amelia Concourse Community Development District  
Nassau County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Amelia Concourse Community Development District, as of and for the year ended September 30, 2015, and the related notes to the financial statements, and have issued our report thereon dated May 4, 2016.

**Internal Control Over Financial Reporting**

In planning and performing our audit, we considered Amelia Concourse Community Development District's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Amelia Concourse Community Development District's internal control. Accordingly, we do not express an opinion on the effectiveness of Amelia Concourse Community Development District's internal control over financial reporting.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Board of Supervisors

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Amelia Concourse Community Development District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted a compliance matter and other matters that we reported to management of the District in a separate letter dated May 4, 2016.

The District's responses to the findings identified in our audit are described in the accompanying Management Letter. We did not audit the District's responses and, accordingly, we express no opinion on them.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## MANAGEMENT LETTER

To the Board of Supervisors  
Amelia Concourse Community Development District  
Nassau County, Florida

### **Report on the Financial Statements**

We have audited the financial statements of the Amelia Concourse Community Development District as of and for the year ended September 30, 2015, and have issued our report thereon dated May 4, 2016.

### **Auditor's Responsibility**

We conducted our audit in accordance with auditing standards generally accepted in the United States; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and Chapter 10.550, Rules of the Florida Auditor General.

### **Other Reports and Schedule**

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*. Disclosures in that report, which is dated May 4, 2016, should be considered in conjunction with this Management Letter.

### **Prior Audit Findings**

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we address in the Management Letter, if not already addressed in the auditor's report on compliance and internal controls, whether or not recommendations made in the preceding annual financial report have been followed. The following recommendations were made in the preceding audit report.

### **Findings and Recommendations**

#### **2013-01/2014-01/2015-01 Reserve Requirement**

**Finding** – The Debt Service Reserve Requirement was not met at fiscal year end.

**Recommendation** – The District should make the necessary arrangements to ensure funds are available to make debt service payments.

**Management Response** – The District is working directly with the Trustee and Bondholders to resolve all financial issues related to the non-payment of assessments which resulted in foreclosure of property, insufficient funds to meet debt service requirements, fund balance deficits and failure to meet Debt Service Reserve Fund requirements.

**Current Status:** This finding has not been corrected as of September 30, 2015.

**Findings and Recommendations (Continued)**

**2013-02 / 2014-02 / 2015-02 Financial Condition Assessment**

**Finding** – The District’s financial conditions continue to deteriorate and the future of the project remains uncertain. The Debt Service Fund has reported deficit fund balances at the end of the last four years. Nonpayment of assessments by the former Developer caused there to be insufficient funds available to make the required debt service payments on the Series 2007 bond beginning with the scheduled payment due on May 1, 2009. As a result, the interest portion of the May 1, 2009 debt service payment for the Series 2007 Bonds was made, in part, by a draw on the Debt Service Reserve Account and the May 1, 2009 principal payment was not made until March 12, 2013. Additionally, the fiscal year 2010, 2011 and 2012 debt service payments were not made. During the prior fiscal year, the District did make all of the past due principal payments as well as the prior year payment. However, the District did not make the current year principal payment, any of the past due interest nor did they make full payment of the current year interest due. The failures by the District to pay its debt service are considered events of default. The District remains obligated with respect to the principal and interest on the Series 2007 Bonds.

**Recommendation** – The District should maintain taking the necessary steps to improve the deteriorating financial condition.

**Management Response** – The District is working directly with the Trustee and Bondholders to resolve all financial issues related to the non-payment of assessments which resulted in foreclosure of property, insufficient funds to meet debt service requirements, fund balance deficits and failure to meet Debt Service Reserve Fund requirements.

**Current Status:** This finding has not been totally corrected as of September 30, 2015. During the current fiscal year, the District made prepayments on the Series 2007 Bonds in the amount of \$160,000. However, the District failed to make the current year scheduled principal payment, any of the past due interest and only a portion of the current year interest due. Additionally, the District had a net deficit fund balance in the Debt Service Fund of (\$2,139,165) at September 30, 2015.

**2015-03 Budget Over Expenditures - SPE**

**Finding** – The actual expenditures of the Special Purpose Entity Fund exceeded the budgeted amounts for the current fiscal year.

**Recommendation** – The District should make the necessary changes to ensure that budgeted expenditures are not exceeded.

**Management Response** – The District in conjunction with the Special Purpose Entity, Amelia Concourse SPE, LLC, will amend the budget in future years to ensure that budgeted amounts are not exceeded.

Amelia Concourse Community Development District

### **Financial Condition**

Section 10.554(1)(i)5.a., Rules of the Auditor General, requires that we report the results of our determination as to whether or not Amelia Concourse Community Development District has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific conditions met. In connection with our audit, we determined that the Amelia Concourse Community Development District did meet one of the conditions described in Section 218.503(1), Florida Statutes. Although the District did become current with their principal payments on the Series 2007 Bonds in the prior year, they still did not make all of the interest payments due nor the current year principal payment. See Prior Audit Findings above for additional information.

As required by the Rules of the Auditor General (Section 10.554(1)(i)2.) the scope of our audit included a review of the provisions of Section 218.415, Florida Statutes regarding the investment of public funds. In connection with our audit, we determined that Amelia Concourse Community Development District complied with Section 218.415, Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.c. and 10.556(8), Rules of the Auditor General, we applied financial conditions assessment procedures. It is management's responsibility to monitor the Amelia Concourse Community Development District's financial condition; our financial condition assessment was based in part on the representations made by management and the review of the financial information provided by the same.

### **Annual Financial Report**

Section 10.554(1)(i)5.b., Rules of the Auditor General, requires that we report the results of our determination as to whether the annual financial report for the Amelia Concourse Community Development District for the fiscal year ended September 30, 2015, filed with the Florida Department of Financial Services pursuant to Section 218.32(1)(a), Florida Statutes, is in agreement with the annual financial audit report for the fiscal year ended September 30, 2015. In connection with our audit, we determined that these two reports were in agreement.

### **Other Matters**

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we address in the Management Letter any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Section 10.554(1)(i)3., Rules of the Auditor General, requires that we address noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

**INDEPENDENT ACCOUNTANT'S REPORT/COMPLIANCE  
WITH SECTION 218.415, FLORIDA STATUTES**

To the Board of Supervisors  
Amelia Concourse Community Development District  
Nassau County, Florida

We have examined Amelia Concourse Community Development District's compliance with Section 218.415, Florida Statutes during the year ended September 30, 2015. Management is responsible for Amelia Concourse Community Development District's compliance with those requirements. Our responsibility is to express an opinion on Amelia Concourse Community Development District's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about Amelia Concourse Community Development District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on Amelia Concourse Community Development District's compliance with the specified requirements.

In our opinion, Amelia Concourse Community Development District complied, in all material respects, with the aforementioned requirements during the year ended September 30, 2015.
